APPLICANT'S STATEMENT

I, RICHARD ARONOVITZ the: sole proprietor; partner; corporate principal; LLC/LLP manager
Authorized Signatory
of HARRINGTON WINE & LIQUORS, INC
Name of the Entity/Corporation

hereby submit this application (hereinafter the "Application"), to the local licensing authority (the "LLA") and the Alcoholic Beverages Control Commission (the "ABCC" and together with the LLA collectively the "Licensing Authorities") for approval.

I do hereby declare under the pains and penalties of perjury that I have personal knowledge of the information submitted in the Application, and as such affirm that all statements and representations therein are true to the best of my knowledge and belief. I further submit the following to be true and accurate:

- (1) I understand that each representation in this Application is material to the Licensing Authorities' decision on the Application and that the Licensing Authorities will rely on each and every answer in the Application and accompanying documents in reaching its decision;
- (2) I state that the location and description of the proposed licensed premises are in compliance with state and local laws and regulations;
- (3) I understand that while the Application is pending, I must notify the Licensing Authorities of any change in the information submitted therein. I understand that failure to give such notice to the Licensing Authorities may result in disapproval of the Application;
- (4) I understand that upon approval of the Application, I must notify the Licensing Authorities of any change in the ownership as approved by the Licensing Authorities. I understand that failure to give such notice to the Licensing Authorities may result in sanctions including revocation of any license for which this Application is submitted;
- (5) I understand that the licensee will be bound by the statements and representations made in the Application, including, but not limited to the identity of persons with an ownership or financial interest in the license;
- (6) I understand that all statements and representations made become conditions of the license;
- (7) I understand that any physical alterations to or changes to the size of the area used for the sale, delivery, storage, or consumption of alcoholic beverages, must be reported to the Licensing Authorities and may require the prior approval of the Licensing Authorities;
- (8) I understand that the licensee's failure to operate the licensed premises in accordance with the statements and representations made in the Application may result in sanctions, including the revocation of any license for which the Application was submitted; and
- (9) I understand that any false statement or misrepresentation will constitute cause for disapproval of the Application or sanctions including revocation of any license for which this Application is submitted.
- (10) I confirm that the applicant corporation and each individual listed in the ownership section of the application is in good standing with the Massachusetts Department of Revenue and has complied with all laws of the Commonwealth relating to taxes, reporting of employees and contractors, and withholding and remitting of child support.

This is your official TIPS certification card. Carry it with you as proof of your TIPS certification.

Congratulations!

This card certifies that you have successfully completed the TIPS (Training for Intervention Procedures) program. We value your participation and dedication to the responsible sale, service, and consumption of alcohol.

By using the techniques you have learned, you will help to provide a safer environment for your patrons, peers, and colleagues and reduce the tragedies resulting from intoxication, underage drinking, and drunk driving.

If you have any information you think would enhance the TIPS program, or if we can assist you in any way, please contact us at 800-438-8477.

Sincerely,

Adam F. Chafetz

Chapter 29: Section 2Z. Commonwealth Sewer Rate Relief Fund

Section 2Z. There shall be established and set up on the books of the commonwealth a separate fund to be known as the Commonwealth Sewer Rate Relief Fund. The fund shall consist of all amounts credited to the fund and any income derived from the investment of amounts credited to the fund. All amounts credited to the fund shall be held in trust and used solely for the purposes of this section. Amounts credited to the fund shall be available to mitigate sewer rate increases due to debt service obligations created by issuing eligible indebtedness. For the purposes of this section, eligible indebtedness shall mean debt issued on or after January 1, 1990, which has a final date of maturity more than 5 years after the date of issuance and which is incurred, wholly or in substantial part, to finance or refinance the cost of planning, design or construction of a water pollution abatement project, or part of such a project, required to be constructed to meet the Federal Water Pollution Control Act, 33 U.S.C. sections 1251 et seq., and sections 26 to 53, inclusive, of chapter 21, or any wastewater collection or transportation project related thereto. Eligible indebtedness shall not include any indebtedness for which the issuer has received assistance provided from state grants.

Notwithstanding this section, eligible indebtedness shall include indebtedness incurred to finance the Metrowest Water Supply Tunnel and the Chicopee Valley Aqueduct Redundancy Project. Eligible indebtedness shall include indebtedness incurred under loan agreements under chapter 275 of the acts of 1989 which exceeded \$50,000,000 by June 30, 1995, and the debt service attributable to those agreements for any year, for purposes of this section, shall be the net obligation borne by the issuer after application of any credits, subsidies or assistance, however characterized, provided under the aforementioned laws. No city, town, district, commission, agency, authority, board or other instrumentality of the commonwealth or any of its political subdivisions which is responsible for the ownership or operation of wastewater treatment projects and is authorized to finance all or any part of the cost of such projects through the issuance of eligible indebtedness, in this section called an issuer, shall receive relief authorized by this section in excess of 20 per cent of its annual debt service obligations due to eligible indebtedness. The division of local services of the department of revenue, in consultation with the department of environmental protection, shall develop guidelines to certify an issuer eligible indebtedness and shall create a process to distribute funds equitably to eligible issuers, in order to mitigate extraordinary increases in sewer costs. Funds disbursed in any fiscal year shall be disbursed on or before March 31 of the fiscal year. The board, office or commission responsible for setting sewer charges in each city, town, district or commission that either receives aid itself or is a member of a regional entity that receives aid under this section shall certify to the division of local services that it has reduced sewer charges to reflect its share of any such aid. No expenditure shall cause the fund to be in deficit at the end of the fiscal year.

December 10, 2018**

Board of Selectmen Attending:

Glenn Diggs, Chairman
Ken Lefebvre, Vice Chairman
Emily Antul, Clerk
Patricia Wojtas, Selectman

Paul Cohen, Town Manager
John Sousa, Town Treasurer
Darlene Lussier, Town Accountant
Michael McCall, Asst. Town Manager

Not Present: George Dixon, Jr., Selectman

School Committee Attending:

Allen Thomas
Donna Newcomb
Dennis King
John Moses

Dr. Jay Lang, Superintendent
Joanna Johnson-Collins, Business Director
Dr. Linda Hirsch, Asst. Superintendent

Not Present: Barbara Skaar

Finance Committee Attending:

James Clancy
Anita Tanini
Ameena Langford
Kathy Duffett
Vicky Parks
Eric Chambers
David Gosselin, Sr.

Please note that all documents referenced in these minutes are on file at the Town Manager's Office, 50 Billerica Rd., Chelmsford, Mass. This meeting was video recorded by Chelmsford Telemedia.

BOS Chairman Diggs called the meeting to order at 7:00PM.

Mr. Cohen explained this meeting will discuss the annual budget for the upcoming year. He described the state budgetary process and time line, as well as Town Charter process. Budgetary items completed to date were summarized.

Town Accountant Darlene Lussier-Report on Current Fiscal Year (FY19)

Town Accountant Darlene Lussier presented revenue data through November 30, 2018. Some local receipts are coming in slightly under what was seen last year. Permitting is up 31% from last year, due to several large projects being developed. Hotel taxes decreased by 15%, and meals taxes decreased by \$11,000.00. Interest and investment rates have been coming up, however the stock market numbers may

decrease. Real estate and property taxes are up 4% from last year. Miscellaneous recurring revenues and solar SREC's are up a little bit. Ms. Lussier believes revenue will remain flat with not much growth.

Regarding expenses, all departments are within budgets. Fire and police overtime and retirees actions may be needed, no requests have been received to date.

Revolving accounts data was listed, described and summarized. Proceeds from the sale of 101 Mill Rd. will be put into a reserve account to be used for future real estate or land acquisition. The School Dept. keeps track of balances in the Circuit Breaker account, and the Special Education accounts. A final journal entry is provided to the Town at the end of the year.

Finance Director John Sousa-Proposed FY20 Capital Improvement Plan

Town Treasurer John Sousa explained the Capital Improvement budget is \$3.47 million. The Capital Improvement Committee received many requests in excess of this amount, so not all requests could be granted. A 10-year history of funding percentages to General Government and the School Dept. were shown. Non-excluded debt service projection data was provided for the next ten years. There are many capital requests due to the age of many facilities. As the debt is paid down, there will be room to allow more projects to be funded.

Chairman Diggs requested that the Request for Proposals for the security cameras requested by the School Department be broad enough to allow multiple companies to bid. Dr. Lang advised he hopes to receive multiple quotes that meet their minimum specifications. The new equipment must be compatible with existing equipment. Mr. Cohen advised that improvements are always being made to the buildings to make them as efficient as possible.

Nashoba Valley Technical School District Superintendent of Schools Dr. Denise Pigeon-Fiscal Year 2020 Budget Development Process and Capital Needs

Dr. Pigeon explained the school's FY 2019 budget is working well and is on target. Actual numbers are on the school's website, as well as the latest audit results.

The school's annual budget will increase by \$220,000.00. The increases include anticipated retirements, increased transportation costs, increased health insurance costs, utility services increases, and the cost of vendor contracts. Dr. Pigeon noted that student services needs are increasing, and five social workers are needed. A van needs replacement, and a facility assessment revealed an increase in debt service and capital costs.

An overview of the roof repair project was provided, and funding will be requested at the annual town meetings. New rooftop boiler units will be requested so work will coincide with the roof replacement.

The facility assessment report will be on the school's website in January when it is received. There remains a potential need for a warrant article to request permission to bond funding to repair or replace the fire suppression system.

Other account balances were summarized. New enrollment shows a 17 student decrease. A history of assessment versus total spending budgets was shown.

The school's budget will be finalized by January. Everyone is invited to their annual school budget breakfast. There will be a Public Hearing on February 5, 2019 so they will be ready for the Town Meetings in all of the communities.

The roof repair project is estimated to be about \$4 million. Solar panels are adding to the cost, as the school does not own all of the panels. A Statement of Interest has been submitted and accepted into the MSBA program so they can be reimbursed for 55% of the costs of this project, which is in the design phase.

Chelmsford Superintendent of Schools Dr. Jay Lang-School Department's Budgetary Status for the Current Fiscal Year and Outlook for the Upcoming Fiscal Year

Dr. Lang provided data on Net School Spending in various comparable districts, and explained most districts are spending more than required; Chelmsford is 27% over the required amount. Many districts are in the 25% range. Student teacher ratio data was shown, and is currently 13.6 to 1.

Data on Average Teacher Salary, Per-pupil expenditures, and Fixed Funding increases was provided; there will be a \$1.65 million increase in overall salary. They are expecting 8-9 individuals to retire at this time. Other non-wage related items were listed. The School Department is looking at the MSBA core program and the accelerated repair programs for smaller projects.

Mrs. Duffet requested how the balances of School Choice and Child Care accounts would be used. Dr. Lang explained the department is trying to build a buffer for unexpected expenses, and they have not been used since 2015. The programs are profitable.

Town Manager Paul Cohen-Financial Condition of the Town, Revenue and Expenditure Forecasts, and other Relevant Information Pertaining to the Fiscal Year 2020 Budget

Mr. Cohen described how the Town's Operating Budget is allocated in the areas of schools, technology, benefits and insurance, debt service, public works, police, fire, general government, state assessments and overlay, the library and other areas.

He is still awaiting formal tax rates from the state. About 45% of revenues go to the schools budget, and 18% goes to benefits & insurance costs. Ten year budget comparison data was presented. The budget has increased by \$37 million, which is an overall 39% increase.

The budget is funded by the property taxes, state aid, local receipts, and available funds. Five year comparison data was provided. Taxes are increasing everywhere. The biggest problem is declining state aid, as the amount received is not keeping up with increased costs. Education reform being discussed at the state level will most likely only benefit struggling districts, and Chelmsford is not struggling.

Discussion Regarding the Development of a Coordinated and Balanced Budget

Mr. Cohen explained that this year's budget priorities include education, public safety, public works, capital infrastructure, and public health and human services.

Regarding net school spending, student enrollment is still declining. Per pupil spending likely exceeds \$15,000 per student. There are 92 students eligible for Circuit Breaker reimbursement today; three years ago this number was 68 students. Circuit breaker eligibility accounts for \$4.3 million in expenditures.

School Choice enrollment shows 52 out-of-district students will be enrolling in Chelmsford, of which 42 are from Lowell. Chelmsford has 32 outgoing students, of which 10 attend schools in Westford.

The Town currently has 246.6 full time General Government employees.

Fixed budgetary factors were listed. Wages will increase by \$625,000.00, the Nashoba Valley Technical High School Assessment by \$82,000.00, retirement assessment by \$543,128. Health insurance may increase another 6%. There are 1,553 subscribers for Health Insurance, of which 914 are retirees, and 639 are active employees.

Non-excluded debt service is decreasing, Medicare tax is increasing by 4.67%. New legislation is requiring an OSHA safety compliance officer in all communities. This person must be hired by February, and will have a cost of \$80,000.00.

A Community Services Coordinator will be hired, at a cost of \$70,000.00. This person would provide information and referrals for social services, similar to the services provided by the Veterans agent. The hiring is being done as part of the age-friendly community initiative.

There is an increase in funding for the senior work program from \$100,000.00 to \$150,000.00, which will provide for up to 75 hours per participant. A middle school resource officer will cost \$41,000.00, a facilities maintenance expense is \$35,000.00, a second health inspector will cost \$30,000.00. The property insurance valuation update will cost \$20,000.00. The total increased costs on the government side is \$325,000.00.

Revenue sources will increase by 3.2%; new levy capacity from property tax is estimated at \$3,938,007.00. State aid is estimated to increase by \$275,000.00. There will be no anticipated increase in local receipts.

The School Department will receive a 3.2% increase to \$61,000,000.00.

According to a recent study by the US Census Bureau, Massachusetts has lower taxes than 17 other states.

Goals for the next year include efforts to seek additional local aid to support local operations, examine whether local fees should be increased, eliminated or reduced. The School Department will look at fees for transportation and activities, and they will create a plan for the use of School Choice funding.

Cost drivers were summarized. Mr. Cohen noted a recession may be coming again. The final budget will be presented at the end of January.

General Discussion:

Selectman Antul asked whether the monetary value and savings to the Town under the Senior Volunteer Program have been quantified. Mr. Cohen advised that there is anecdotal evidence of the benefits, but they are difficult to financially quantify.

Mrs. Duffett asked Dr. Lang about the decrease in Medicaid reimbursements. Dr. Lang explained the reimbursements fluctuate every year. Actual numbers have increased.

Selectman Lefebvre asked whether the 122 outgoing students impact the budget. Mr. Cohen stated this has not been quantified. The State does not fully fund the charter school reimbursements. Dr. Lang advised this will need analysis. The program helps class size, but costs the town money. Participating students can come and go at any time. Mr. Clancy advised these costs do not include benefits and insurance.

Motion: by Selectman Lefebvre to enter Executive Session at 9:12PM, not to return to regular session, to discuss Strategy with Respect to Collective Bargaining with the General Government and School Department Employee Labor Unions. Seconded by Selectman Antul.

Roll Call Vote:

Chairman Diggs, Aye
Selectman Wojtas, Aye
Selectman Antul, Aye
Selectman Lefebvre, Aye
Allen Thomas, Aye
Donna Newcomb, Aye
Dennis King, Aye
John Moses, Aye
James Clancy, Aye
Anita Tanini, Aye
