Subject: Dunstable Road Traffic Count

Hi Steve,

We placed a traffic counter in front of 89 Dunstable Road last week. See the attached file. We found that average daily traffic on the road is around 1,800 vehicles a day (down from historical counts in the 2,200 range). The data showed that there is a high percentage of trucks heading east toward Vinal Square. The majority of those are box type vehicles such as package delivery trucks or larger residential contractor vehicles. There were a few larger vehicles, likely coming from Ledge Road, but not many. The majority of those turn down Swain Road and head toward Route 3. Feel free to call me and we can discuss further if you have questions.

Thanks,

Justin
