**Chelmsford Center for the Arts (CCA)  
Monday, June 13th  
6:00 PM**

You are invited to attend the Select Board listening session and share your thoughts regarding improvements around the town center. The Board's goal is to develop ideas for improving community areas from the Town Common through North Road and the Historic District. This includes the consideration of modifications to improve event audio experiences, landscaping, parking, the brook walk, and the center vacant parcel.
