Subject: Outdoor Circuit Training System Equipment Installation Bid Award Recommendation

On July 18th, 2022 we held a Bid Opening for the Installation of the Outdoor Circuit Training System Equipment (Bid Documents attached). We received one bid from Engineered Installation Solutions, LLC (also attached) in the amount of \$27,000. You will note that the Bidder "takes exception to any bid requirement" since the work is likely to take one week. I spoke to the Bidder yesterday and explained that we were bound by Mass General Law to require a payment bond before the work commences. The Bidder agreed to rescind the exclusion of the bond requirement.

We recommend awarding the Bid to Engineered Installation Solutions as they are well qualified to conduct the work.

If you have any questions, please let me know.
