<p>Sustainability Manager Present Chris Haley (remote)</p>		

Call to Order.

The Committee meeting was called to order at 6:00 p.m.

Assign Recorder of New Action Items

Kristin volunteered to record the action items.

Review and Approve Meeting Minutes – May 2023

The 4-May-2023 meeting minutes were reviewed and approved.

Eco Club Input

- Working on instructing incoming freshman on how the compost program will work.
- Will need volunteers for September to monitor composting at lunches. Dr. Somi Chowdhury will set up a signup sheet.
- Not sure when composting will start. School starts the last week of August.
- An Eco Club representative will try to attend the August or September Recycling Meeting.

Sustainability Manager Update

TONNAGE TOTALS for April 2023

Textile recycling (Formerly Pink Bags)	2820	Pounds
UTEK Mattress*	58	items
Recycling	225.9	tons
Compost from CHS	2.25	tons
Batteries	0.1	tons
Trash	741.25	tons

*Using a weight of 60 pounds per item in recycling % calculations

Recycling Meeting Minutes 1-June-2023 @ 6:00 P.M. @ Town Hall Room 200
Page 2 of 18

See Attachment 2 for previous tonnages.

Comparison of trash collected in the current year (FY23) and the previous 3 years (July through April).

FY23	7519.6 tons
FY22	9172.79 tons
FY21	9334.32 tons
FY20	8855.0 tons

Annual Flyer

Sent to the printer. They have been printed.

The AP is ready to switch over to every week recycling and all of the holidays are included.

The Town Manager's newsletter notes the change to weekly recycling. It is also in the flyer.

The dumpsters behind the town hall are going away due to the cost (~\$79,000 last year) and due to contamination from construction and demolition debris, household trash, propane tanks, etc. Trash is also being left near the dumpsters. Many businesses have been using the recycling dumpsters.

RDP Application

Working on finalizing the application. The window of opportunity is very small and there are more stringent requirements this year.

Old Business

Some new 75-gallon trash barrels have been purchased for the parks.

The Bags to Benches bench cannot be attached to a concrete pad due to the short legs. It needs to be secured with long stakes to keep it in place. Based on the recommendation of the Parks Department the Committee recommended installing it at Heart Pond. The original thought of placing the bench on the Town Common was dropped due to extra work that would be required to get permission from The Historic District Commission and it might not be a success path.

Recent and Upcoming Events

EVENT	DATE(S)	TIME	LOCATION
Paper Shredding (189 residents)	6-May-2023	COMPLETE	DPW Yard
Leaf Drop-off (183 vehicles))	13-May-2023	COMPLETE	DPW Yard

Recycling Meeting Minutes 1-June-2023 @ 6:00 P.M. @ Town Hall Room 200

EVENT	DATE(S)	TIME	LOCATION
Brush Drop-off (216 vehicles)	13-May-2023	COMPLETE	Community Tree
PTO Electronics and Metal Recycling	13-May-2023	COMPLETE	School Administration Parking Lot
Garden Club Presentation 30 minutes Where does the trash and the recycling go? Trash to Covanta burn facility. Recycling goes to MRF. Discuss new contract. Discuss the market values of the material. Could have handouts.	6-June-2023		
Bulb/Battery Collection	7-June-2023	9 a.m. to 5 p.m.	Bulb Shed behind Town Hall
Municipal Open House	12-June-2023	6 p.m. to 8 p.m.	Chelmsford Public Library
Country Fair Booth Rebecca 5 p.m. to 7 p.m. Becky 7 p.m. to 9 p.m. Pocket Person Game for Children is a possibility.	3-July-2023	5 p.m. to 10 p.m.	Town Common

Publicity/website Update

We will add information to a flyer to be included in the tax bill that goes out in late September. The due date is 11-September. Include the AP, the QR code, and upcoming events, etc.

The Committee website contact form has had several questions submitted this month. Norm and Chris answered the below questions:

DATE	QUESTION	SUMMARY OF ANSWER
7-May	I was unable to attach my photo to your survey. These are some of the nip bottles I picked up. I consistently pick these up on Marshall street. Previous clean up was done in February.	N/A
11-May	Is it possible you provide a dumpster for recycling? My recycling gets missed often and I've just given up calling about it. I would like to be able to dump my recycling myself and not deal with a snarky customer support person. Thanks for any info,	What is your address? We need to investigate why your recycling gets missed. We will have a new contractor for trash and recycling starting July 1st. There is no place where you can dump the recyclables after July 1st. Never received reply.
Tuesday 23-May 2:44 p.m.	Recycling and trash placed at drive/street - Thursday night for Friday, May 18th collection. Trash came back Sunday and was picked up, but still no recycling collection. Other tenants called but only trash came back. Please schedule a pick up for this large amount of recycling. 168 Proctor Road, Chelmsford MA 01824 6-yr tenant. I just had hand surgery and cannot keep dragging back and forth. Thank you for your kind assistance.	Chris tried to resolve. [Red week, Friday collection.]
Friday 26-May 8:47 a.m.	Hello gentlemen, No one ever came to empty my recycling. It's trash only today, but I've left the large black recycling barrel out in the hope someone can swing by and empty this.	Chris not in the office.

Recycling Meeting Minutes 1-June-2023 @ 6:00 P.M. @ Town Hall Room 200
Page 5 of 18

DATE	QUESTION	SUMMARY OF ANSWER
	(168 Proctor Road)	
Friday 26-May 11:37 a.m.	Hello, any chance my recycling could be picked up today? It's still on the curb. I would greatly appreciate it. (168 Proctor Road)	Chris not in the office.
30-May 4:27 p.m.	Hello, Could you please inform me if the trash and recycling will be picked up and when? They did not get my trash again last week and I left recycling out as well. Both are in the middle of the driveway awaiting pick up.	Chris replied on 31-May at 7:04 a.m. I sent them back down Proctor yesterday. I will have them go back again today. (The resident kept taking the barrels back up to the house and therefore when the workers sent by there was nothing to pick up.)

Lee has been updating the website.

Better Bottle Bill

- The committee agreed to endorse the better bottle bill.

Repair Café Video and Potential Dates

- See Attachment 3 for preliminary information.
- Recommend providing lunch for volunteers.
- Allow tips at individual workstations.
- Need to decide on preregistration.
- There will be a liability waiver that will need to be signed by attendees..
- The idea is for the resident to assist the volunteer to repair the item not just drop-off the items. The goal is for the residents to be able to make the repair themselves next time.
- In order to obtain additional technical help, the Committee can check with:
 - Nashoba Tech or
 - A college such as UMass Lowell, in particular the Women in Engineering or
 - Lowell Makes (<https://lowellmakes.com/>) .

Review of Open Action Items

DATE	OWNER	ACTION	DUE DATE
1-Sep-22	Rebecca	Rebecca will speak at the Garden Club's 6-June-2023 meeting.	6-Jun-23

Attachment 1: Long Term Goals Page 9 of 18

Review of 2021-2022 Goals and Long-Term Goals

Mission Statement:

The Chelmsford Recycling Committee is dedicated to reducing the volume of solid waste generated in the town of Chelmsford. The committee strives to promote waste reduction, reuse, recycling, repairing, and composting among the residents, businesses, and institutions in the town of Chelmsford.

Prior to June 2023	Beyond June 2023	Recycling Committee Goals	Committee Member Taking Lead
		EDUCATION/AWARENESS	
	X	Tour Covanta burn facility (possibly May or June)	Chris
	X	Tour Black Earth Composting facility (possibly May or June)	Chris
	X	Tour E.L. Harvey Transfer Station and MRF	Chris
	X	Tour Complete Recycling Solutions (possibly May or June)	Chris
	X	Recycling Education in Schools. Present to one group. What is recycled and why? We still will be using Waste Management in Billerica's MRF.	
		REDUCE WASTE	
	X	Plastic Free July Could be a focus of the 4 th of July table	
		RE-USE/REPAIR	
	X	Repair Cafés Three events/year, post-pandemic (Eco Club participation?) Hire a company to bring in parts and run the repair café? (Consider a September date and a location.)	Lee
		RECYCLE-RESIDENTIAL/TOWN RECYCLING	
X		Multi-vendor recycling event (shredding, electronics, tires, etc.) The Zero Waste Day.	Karen
	X	Open the Bulb Shed on a Saturday	Norm
		COMPOST	
X		Organics curbside pickup: Town request for bids; residents sign up and pay individually. Karen has information from previous years.	Chris
	X	Organics Day with Black Earth	
	X	Worm Composting	

Do you have any questions or feedback for the Chelmsford Recycling Committee?
Keep up the good work! :)
Is there anywhere I can borrow handheld claw trash pickers?
More publicity is needed to see that this goes on and the reason behind it.
How big/sturdy are the yellow bags? are they yellow-colored trash bags, or are they thicker, like a tarp?
The yellow bags would be helpful several times per year. I do not always have room in my own bags and I am the only one on the street who picks up.
We used our own bags because we couldn't get to DPW. It would be helpful if they were available at other locations - such as the library and on an ongoing basis
Aren't there separate colored bags based on kind of the trash?
We need to do this every month.
Can middle school and elementary school kids participate in this clean up ?
no questions. Just thank you for organizing. I pick up as I walk on a daily basis with my dog.
thank you for doing this!
I would love to see a ban on nips
Are we meeting at a designated place in town?
Announcing when we are changing waste vendors to offer weekly recycling pick up would be exciting for more residents to be aware of.
Just what to help
Thanks for doing this! Happy to help keep Chelmsford clean!
Thank you for organizing this!
Maybe trash cans/no littering signs in some areas of the bike path. It won't solve the problem but couldn't hurt.
Thank you for what you do!
I have no team, just me. I'll try to find a few folks
Thanks
I would be interested to hear about any group outdoor cleaning efforts, similar to what the Lowell Litter Krewe has put together
I realize I am registering past the deadline however am hoping you'd be willing to extend the deadline for members of scout pack 107 to participate in a service project on Earth Day. Thanks so much.
Thanks for trying to reduce waste and pollution
Great project.
Thank you for doing this!! Somehow need to publicize this more well prior to the event.

Do you have any questions or feedback for the Chelmsford Recycling Committee?
Thanks for all you do
Thank you for organizing this event, we'd love to participate in future volunteer efforts! (The Team at Azenta Life Sciences)
It would be nice to see more garbage cans at conservation land parking areas...like Crooked Spring Réserve. Signs that remind people to not litter and to maybe pick up trash as they walk.

What was the most common item you found?
Nips
Liquor miniatures
bev containers
Nip bottles
Cigarette butt, plastic, small bottles
Nip bottles, cigarette butts, drink cans and bottles
Cigarette butts (most common by frequency), cardboard (by volume)
Plastic cups with lids and straws
Plastic wrapper/bottles
Bottles, cans, bags, and cigarette stubs
Cigarette butts and alcohol containers (beer cans/bottles, hard seltzer cans, nips)
plastic, cups, wrappers, buts
Small bottles of alcohol (nips) along the road, which is rather disturbing
nips, fast-food cups
Alcohol containers
Cigarette butt
Cigarette Butts/Bottles
Plastic containers
Plastic bottles, cigarettes
Plastic
plastic bottles
Candy wrappers, pieces of glass
plastic water and soda bottles
beer cans

What was the most unusual item you found?
telephone pole conduit
Milk boxes, toys
Paint roller encrusted with hardened cement
Lots of some kind of wire/cable casing that was all over Manahan St.
Car bumper
Drill
dish antenna
A very vintage Pepsi can
Old glass bottles
Rusted wheelbarrow and car parts
Stained glass window panels for a door
old south row water bottle
It's a tie between a saw and a circuit board

Do you know any places in Chelmsford that need more attention?
All over!
Riverneck road, Brick Kiln road, area around and near Corner cupboard liquor store corner of Gorham and sprague Street.
The Freeman Rail Trail near Manahan
We cleaned around the bridge sidewalk on boston rd going over 495 but there were some fenced off areas on either side of the bridge that are really bad
Murphy Field, Billerica Road, intersections with highways
Unfortunately, the same streets continue to be a mess because people continue to throw their trash out of their car windows - Dalton, North Rd, Davis Rd
Stop & Shop back lot , Glenn & Karina Ave
The areas along 110, especially between the town center and 495 near the baseball fields
Proctor Rd in South Chelmsford
495 underpass and Pine Hill Rd
Katrina Rd was pretty bad. I was able to do most of the road but not the whole thing. Still needs more attention as I have already noticed more litter each time I drive by.
mill pond pullover on route 4

Do you know any places in Chelmsford that need more attention?

The River Meadow Brook culvert under Glenn Ave needs a deep clean.

The BFRT trail behind Dunkin Donuts is a hangout for cigarette smokers, hundreds of butts in one place. And lots of trash from dunks.

The NW corner of rte 110/Stedman intersection, at the lights, is a dump for nips bottles.

	Acton FixIt Clinic coaches
	Senior Center
	Lion’s Club
	Rotary Club

The Chelmsford Recycling Committee (CRC) is a committee of Chelmsford residents that are interested in helping our neighbors reduce their trash and increase their recycling and composting.

We work hand in hand with the Chelmsford Sustainability Manager. We staff the Fluorescent Bulb Shed each month to help our fellow residents to responsibly dispose of fluorescent lights, batteries, mercury thermostats, etc. We also assist at various recycling drop-offs including Paper Shredding and Household Hazardous Waste.

We also support the Chelmsford High School (CHS) Eco Club in their work on composting at CHS. In turn, they assist us at the drop-offs.

Our goal is to reduce the amount of trash by trying to increase the number of items that get effectively recycled or repaired or composted, and by promoting reusables vs. disposables. We maintain a website to provide our neighbors with recycling and composting information.

We typically meet once per month; currently it is the first Thursday of the month starting at 6:00 p.m. with a remote connection option. We are always looking for new ideas and new members that want to become involved.
